SENATE GIVES THE HOIST TO BRANCH LINES

Ottawa—Five Canadian National branch line bills were killed in the Senate. Four of the bills are in Saskatchewan; the fifth is in Nova Scotia. The four Saskatchewan bills are: Turlington to MacLeod, Turlington to MacLeod, Turlington to MacLeod, Turlington to MacLeod.

From Nashville, Bengough or Ritchie. The first three were killed either by formal motion to hold or by non-approval of the preamble. The fourth was killed by concurrence in a report from the Senate railway committee, that construction of the line is "not expedient." The Nova Scotia bill from Summers to Gysbrecht was killed in the same manner.

Three Alberta bills received third reading: a joint section from Howland, western, between Hanna and Warden.

It was a day of sharp debate. Sir James Loughheed, Conservative leader, charged the Canadian National with an act of extravagance. No matter what ramifications of the road was looked into, he declared, the injury of the greatest extravagance would be found standing upon the heels of officials of the road "sipping in hotels with the ambrosial nectar of the gods."

Sir James Loughheed's motion for a six months' hold of the Turlington branch carried by 45 to 24. Third reading was given the bill authorizing the Howland branch in Saskatchewan.

The Hanna branch in Alberta and the Loversburg branch in Saskatchewan were also given third reading. The Loversburg branch in Saskatchewan was given third reading. The Loversburg branch in Saskatchewan was given third reading.

Establish New Record For Prize Winning

Alberta Breeders Carry Off Premier Awards At Brandon

Brandon.—Swinging before them at the premier awards in one of the strongest fields of Hereford cattle, G. J. Jones, of Brandon, of the Alberta branch, established a new record prize winning at the Brandon fair. These leading Alberta breeders carried off many prizes and grand and reserve grand championships, for both males and females in the Hereford classes. It is the first time in the history of the exhibition that any one exhibitor has achieved such a success in any breed. M. Alinger, of Lethbridge, Alta., also secured a grand championship in the Hereford division.

In the Ayrshire classes, which were well represented as well as in former years, Morton and Sons, of Pelly, Sask., and R. R. Nease and Sons, of Howick, Que., shared honors. Henry Thompson, of Pelly, was the only exhibitor to win a grand championship in the Ayrshire breed, while G. M. Read, of Jersey Beach, Sask., secured among the prize winners. Western exhibitors were well represented in the different classes for sheep. Prof. J. P. Skaville, of the University of Alberta, and the University of Alberta, expressed himself as greatly pleased with the high quality of the exhibit.

Russell Smith, rector of St. Paul's Church, Port Erie, to come for the relief of any of his comrades and other persons in distress.

Lake Louise, Alta.—Two fire-blackened walls and a heap of smouldering debris is all that remains of the original Lake Louise Chateau, the famous "Palace in the clouds." Bryan Supports McAdoo

New High Mark Is Reached In Forty-Second Ballot

Madison Square Garden, N.Y.—William Gibbs McAdoo ran to a new high mark in the forty-second ballot of the Democratic national convention. He passed the nineteenth round of votes by a dist. of much franker work and persuasion and maneuvering on the part of his floor managers, who declared they had not finished their work yet.

Running close to the 46 and 44 ballot record of the Baltimore and San Francisco convention, respectively, the New York exhibition gave promise of setting a new mark. McAdoo hit his high mark so far in the (forty) ballot when he polled 55 1/2 votes. Smith at that time had dropped a little below his high level, 52 1/2, made on previous ballots. At the close of the thirtieth ballot McAdoo had stood at 42 1/2 votes. This he gained more by a hundred in the balloting and the votes he got were taken principally from John W. Davis who fell to 70 on the last ballot.

The feature of the session came when William Jennings Bryan, born of many campaigns and a platform and declared himself for McAdoo. He declared the Democratic candidate must be firmly for prohibition.

NO EMERGENCY LEGISLATION FOR RURAL CREDITS

Ottawa.—A report against emergency legislation, this year in regard rural credits was presented to the Commons by banking committee by Dr. Matthew McKay, Liberal, North River, chairman of the sub-committee on rural credit.

The report stated that any plans adopted should apply to all provinces machinery the year and that, therefore, attention should be concentrated on the drafting of a permanent rural credit scheme.

Dr. McKay also presented a report recommending amendments to the Bankruptcy Act to provide that in provinces having a provincial officer analogous to a bankruptcy trustee, each officer make a return to the Bankruptcy Act where the insolvent is a resident.

The committee took up the proposal of H. E. Spencer (Progressive, that the River) that the Bank Act be amended to provide that the entire bank should be redeemed and be used for the redemption of the notes of defunct banks; and that other banks should be allowed to receive contributions to the circulation fund from the defunct bank's assets only after all other liabilities had been paid.

H. T. Ross, secretary of the Canadian Bankers Association, said the existing fund for redemption of banknotes, there had been no losses. There was a long discussion and W. D. Elder, Liberal, Vancouver, asked Mr. Ross to inform the House if the Bankers Association had any right to inquire into the condition of an individual bank.

Mr. Ross replied in the negative. Hon. T. A. C. Cramer opposed the amendment but thought it notes should be issued by the government. On a recorded vote, the Spencer amendment was defeated, 32 to 20. Hon. J. A. Robb voted against the amendment.

L. J. Ladner, Conservative, South Vancouver, dropped his proposal to abolish the domestic walls and fire doors.

Claim Home Bank Not Legally Incorporated

Solicitors For Shareholders Prepare Defense On Double Liability

Toronto.—James W. Bain, K.C., and John G. O'Donoghue, K.C., counsel and solicitor, respectively, for the shareholders of the Home Bank of Canada, have prepared a defense on double liability. The defense states that the bank was never, at any time, incorporated under and by virtue of the banking acts and laws of Canada. They say that the defendants never, at any time, agreed to purchase shares of the Home Bank with terms and conditions attached that in case of the insolvent of the bank they would be called upon to pay double liability. The matter, they say, was never brought to their attention, and, therefore, the provisions of the Bank Act of Canada do not apply to them.

FIRST TRADE TREATY SIGNED IN DOMINION

Ottawa.—The first treaty ever signed in Canada with a foreign country was concluded here on July 3rd. It is a commercial treaty between Canada and Belgium, in which each nation grants to the other most favored nation treatment on their whole tariff schedules. The treaty follows negotiations extending over a considerable period, which were begun during the presence of the Canadian ministers in Europe last year.

Plenipotentiary powers were asked for by Canada from King George for Hon. James A. Robb, acting minister of Finance, and Hon. Dr. Beland, and were received a few days ago. Hon. Dr. Selys, Belgian consul-general, acted for the King of Belgium. Canada extends to Belgium the benefit of its immediate tariff and reduced rates from Belgium most favored nation treatment which is a wide variation from their regular tariff, which is rather high.

Canadian Imports from Belgium for the year ending March were \$5,340, \$75,000, while exports to Belgium were \$17,452,442.

It is reported locally, that Fred Bliss will probably be chosen to run on a democratic (long distance) ticket, in order to break the dead-lock in the convention now going on in N.Y. It is considered that Andrew Gump, whose political aspirations we read daily in the press, will have no chance whatever against the redoubtable "Freddy" whose ten mites are the delight of all who know him.

FISHERMEN TELL YOU

Fishermen will tell you that they only go to French River, Nipigon, or Lake of the Woods for the fish. Not all of them will tell you that they go because Madame insists, these being three of the few districts where one can enjoy the comfort of the average holiday resort. The joy of camp life and the glory of the woods as well as the finest fishing in North America. There are bungalow camps, operated by the Canadian Pacific, in each district.

Indians Massacred the Garrison

When Fort Dearborn was burned, Chicago, 1837.

If one were to address a letter to-day to "Chicago," one would never expect to find a letter post-office official would be puzzled, but it was not so in the great French explorer, La Salle, spelled Chicago 241 years ago. Chicago was a great transportation centre for Indians and French explorers, for it was on the line of march westward from Quebec, via the Great Lakes, to the Mississippi and southward to the Gulf of Mexico. La Salle actually went from Quebec to the Gulf of Mexico and back again, and was murdered somewhere in Mississippi by his own followers. When the canoe and the prairie schooner of the pioneers were succeeded by the railway train, Chicago became one of the world's greatest transportation centres, being on the same old line of march from the east to the west, and vice versa. Fort Dearborn was built in 1803 and for three decades was Chicago. In 1812 Indians massacred the garrison, but the old fort was rebuilt and in 1837 the first railway train entered Chicago from the east. To-day Chicago is a great railway hub, the spokes of which run north, south, east and west. The new Union Station, now nearing completion, will be one of the finest terminals in the world and will be the finest of the early explorers of 250 years ago the Canadian Pacific enters Chicago via its own lines and the Michigan Central westward from Montreal and places the eastbound Chicago traveller aboard ship, for Europe in Montreal is less than 24 hours. Westward over the Soo Line and Canadian Pacific, the traveller reaches Vancouver in 81 and a half hours from Chicago and in only 80 hours from Montreal. What would La Salle, Joliet and the good Pere Marquette think of such transportation facts now?
